

Hello, I'm Cristina Ponce, frontend developer.

 I'm currently working on Mimacom as a Frontend developer for Mercedes-Benz.

 I have developed applications with Angular, Ember, React.js, Vue.js...

♦ I have developed components with Polymer, LitElement, Stencil, and native web components.

 I'm currently learning Python and Node.js.

 I collaborate on tech communities and mentoring people in VueVixensESP and FrontendFoxesESP.

 Ask me about web standards, I always try to follow.

 How to reach me: [Github](#) and [Linkedin](#)

Experience

NOV 2020 - CURRENTLY

Senior frontend developer - Mimacom

I take part in the international team to work remotely as a frontend developer. I am working with VueJS and Stencil for Mercedes-Benz. I work with some frontend technologies: HTML, CSS, JS, Typescript, Vue, Stencil, Jest, ...

FEB 2018 - NOV 2020
